

Hi Everyone, IT'S NOT TOO LATE TO REGISTER!

The World Zlet Druzhynnykiv, Sydney 2000 will be drawing from the Olympic Games experience. The lighting of the Torch is a clarion call to athletes around the world that the Games are about to begin. Let me show you why the Sydney 2000 Olympic flame is so special.

Olympic Facts

The Torch Relay officially began with the lighting of the Olympic Torch in Olympia, Greece on 11 May at the site where the ancient games were held 2,700 years ago and will end on 15 September at the Opening Ceremony in Sydney.

The longest Torch Relay in Olympic history will travel on over 50 different modes of transport, including a giant jet, a prime mover a fleet of buses, and Harley-Davidson motorcycles. A scuba diver has carried it underwater at the Great Barrier Reef and it will visit a bungy jump site!

The Sydney 2000 Olympic Torch draws its inspiration from the Sydney Opera House, and the subtle curve of the boomerang.

Congratulations to Olympic Raffle Winners:

Prize	Ticket N^o.	Name	Sold By
